COMMUNITY NEWS

Greetings Valued Residents,

We hope your fall season is off to a beautiful start. We would like to thank the residents who came to the Utility Town Hall last month. We hope it was beneficial for you! Residents who have any concerns related to their utility statement(s) or usage should first contact YES Energy directly. If they are unable to assist you or do not address your concerns, please do not hesitate to contact our office, and we will assist you.

MAINTENANCE TIPS

Are you turning your heat on for the first time this season? Do you smell burning? Don't worry! It is normal to smell burning for a few moments when first turning your heater on. The smell is dust burning off of the heating coils. If you have concerns or your heater is not working, please contact us at (720) 844-0800.
