BUCKLEY SPACE FORCE INSIGHTS NEWS & STORIES

CELEBRATING THE FALL SEASON!

Our President's Message

As we welcome fall we look forward to cooler weather, children settled into school and football. It is also a time when Hunt Military Communities launches their annual Hunt Helping Hands initiative. This year we have once again organized a food drive in support of our military families and food insecurity. Data we have received indicates many military families face this challenge and could use additional support. Details about your communities food drive will be emailed, posted on social media, and cards left at each door. We are partnering with various groups on base who may have resources for distribution and we are also working with a local food bank closest to your community. Our goal is to make sure our families are taken care of and those in need receive the resources they need. Additionally, Hunt Military Communities is excited to collaborate with Hire Heroes USA to assist military service members and their spouses find meaningful careers upon completion of their military service. Our donation will fund career transition services for veterans, military spouses, and transitioning service members. We will also collaborate with them to source more military veteran and spouse talent for our teams. More to come on this fantastic opportunity to assist those needing career advisement and services. Thank you for allowing us to serve you.

A message from the Community Director

Greetings! I hope you & your families are doing well and staying healthy! My team and I are looking forward to the fall and winter season as we have a lot of resident events planned that I hope you and your family will enjoy. Be sure to be on the lookout for our emails with information on our upcoming events! If you do not currently receive our emails please contact our office and we will be happy to assist you!

We were so honored this past month to host the 9/11 Remembrance Walk. I would like to thank my team for helping with that event and making it a successful and memorable one. I wanted to share some photos of the event as well as the four heroes that we remembered on that day that were from Denver. I hope you enjoyed the walk as much as we did and thank you to those residents who participated in that event!

Maintenance Corner:

Turning your heat on for the first time this season? Burning smell?

This is normal! Now that we are headed into the cooler months, when kicking your heat on for the first time it may cause a burning smell in your home. This is the dust/debris that has been on your furnace for months burning off.

WM trash pick up schedule

A reminder that effective the week of Sept 20th—WM changed trash/recycle pickup from Fridays to Thursdays. Weeks in green are recycle weeks!
